LOCAL MATTERS.

WEATHER PROBABILITIES,- War Depart ment, Office of the Chief Signal Officer, Wash ington, D. C., May 3. 1877-10:30 a. m.— For the Middle Atlantic States slowly falling barometer, northwest shifting to southwest winds, slight rise in temperature, increasing cloudiness and rain areas.

COMMERCIAL EXCHANGE.-The annual meeting of the Alexandria Commercial Exchange was held at the Exchange Building, this morning, with Col. C. F. Suttle in the chair, and W. E. Carter secretary.

The President, Major W. W. Herbert, presented the following report: Gentlemen of the Commercial Exchange:

The Board of Manager, respectfully submit ing May 1, 1876, and ending April 30, 1877. The receipts have been as follows:

426,363 Wheat..... Meal. Mill Feed...... Buckwheat..... Flour, reduced to bushels...... Accepting the lowest estimate for form or years of grain received and sold, but not offered on 'Change..... 200,000 Total bushels.....

In submitting the above report for your consideration, I think I can, in all candor, congratulate you upon the receipts as exhibited. The low price of corn, until recently, has deterred farmers from shipping, and has greatly

increased the home consumption. The out eron has been comparatively a

failure. The political condition of the country during the last year has had a depressing effect upon trade. The uncertainty in regard to the Presidential contest created a want of confidence which materially effected all branches of indus-

try and enterprise. Taking all these facts into consideration, and comparing the report with past years, I find an increase on some years, and a slight diminution on others, but on the whole a fair average. With all the advantages of situation for trade

and compieree, having a beautiful and navigable river at our doors, being nearer the ocean than our great rival, Baltimore; with railroads intersecting an extensive and fertile country, with a canal stretching into the heart of inexhaustwe and steady. Money 2. Gold 1063 Flour able beds of coal, it is to me a matter of won-tall. Wheat dull and unchanged. Corn quiet der that our trade does not show a greater in-Crease.

I regret to state it is currently reported, and I believe with truth, that there is an unjust discrimination on the part of the Virginia Midland Railroad Company leading to our city. against u. and in favor of Baltimore, in freights. I would carnestly recommend that that a committee be appointed to confer with Mr. Thos. Carter, who has been appointed by the State to listen to complaints and grievances of this partire, and to get all the facts and present them to him with the request that the matter may be thoroughly investigated.

From the country contiguous to our city I have received the most encouraging account of vanced in a commercial point of view. If you the growing crop. With energy and industry, invoking the blessing of Divine Providence upon our efforts, I think we may reasonably look forward to a bright future.

THE CANAL, -The Cumberland Alleganian of yesterday says: "The shipments of coal by canal, yesterday, were next to the largest this season, 33 boats having left with 3,708 tons of

"The shipments by canal show an increase for the week as compared with last year of 13,-435 tens. So far, the decrease for the year as compared with last year to date, is 20,056 tons. The canal so far this year has shipped 77,721 tone, while during the same period last year she shipped but 23,537 tons.

"The surveys of the George's Creek and Cumberland road to Longconing are expected to be completed by the Sth instant, when books will be opened for subscription to the stock. It is runnered that several of the mining companies in the coal field will subscribe heavily to-wards the read. With this road constructed to Lonaconing, and the Cumberland and North Branch road built to Westernport, there need be no fears us to the permanency of the canal.

"It was rumored yesterday that another reduction in tolls on the capal would be made

shortly." The News says: - "President Gorman of the Chesapeake and Ohio Canal; President Bians, of the Annapolis and Elkridge Railroad, and Canal Directors Bannon and Hamill were in Milk at my stand, No. 11, in the Cameron st. this city yesterday, and with others interested wing of the Market House, at the following in the project, took the initiatory steps to the prices: organization of a company to build and operate the proposed railroad, via the river route, to the mouth of Savage."

DAMAGES AWARDED, -A special to the Balimore Sun from Woodstock, dated yesterday,

"In the Circuit Court of Shenandoah county the jury in the case of George W. Koontz, administrator of Wm. A. Wightman, against the Baltimore and Ohio Railroad Company. this morning, rendered a verdiet for the plaintiff for \$5,000 damages, with interest from March 6, 1876. Wightman was killed in the disaster at Narrow Passage bridge, on the Valley di vision of the Baltimore and Obio railroad, and his administrator instituted suit for damages, which were laid at \$10,000. A number of similar suits arising from the disaster are pending in the Circuit Court here.'

This was the same accident in which Mr. R. L. Wood, of this city, lost his life.

REV. DR. CHAMBERLAIN,-At the Union Presbyterian Church prayer meeting, last sight, after prayer by Rev. Dr. Berry, and reading of Scripture, Rev. Dr. Bullcek, paster of the church, said it afforded bim great pleasure :0 introduce to the congregation Rev. Dr. Chamberlain, who has just returned to this country for fifteen years as a missionary, and is now on a visit to his native land for the benefit of his health. Dr. Chamberlain then addressed the congregation for about a balf an hour, in an excellent discourse, showing low the Bible is received in India. The speaker said when he arrived in this country he was forcibly struck with the fact that there is a tendency on the pirt of some to devise some other way fer man's salvation than the Bible way, and even on the the tenth annual report for the year commenc- part of some professing Christians the Bible fe't that if the people of America could see what the Christian's Bible was doing in India, 362,879 and how it was appreciated by these who had received it, they would never again feel that it was not just what was needed, or that it was a little old fashioned. Riodooism, he said, was giving way; it could not stand the light of the Gospel of Christ. The religion of India did not give the people peace; it taught them they were sinners and that God was pure and holy ; it showed them the gu't that separated them from a pure and holy God, but it provided no way to bridge that gulf. The Bible, he said, supplied their want, and hence its joyous reception. He concluded his remarks with an appeal to the Christian people to use every opportunity to send the glorious news of salvation to all who are in darkness.

> FIRE.-A fire broke out in Gordonsville, between four and five o'clock, this morning, which destroyed four houses, and, at one time threatened the whole town. The fire, which originated in the house of Mr. Beckham, was in the business part of the town, and created much alarm, until about nine o'clock, when it was gotten under control. The amount of loss has not yet been ascertained.

> MASHED,-Mr. Frank Wasfield, who is employed as a clerk in W. F. Creighton's drug store, while closing the iron safe there, last night, was so unfortunate as to mash off the first joint of the forefinger of his left hand.
